TW-903 with
flashlight

"With flashlight,With display lamp;Flexible neck;
Customization:OEM logo accepted
Butane free; No spark&smell. 7 seconds
automatically shut off feature ensures a long
lifespan for energy saving;

- Features:
- 1.Arc Pulse: Single Arc
 - 2.Material:Zinc Alloy+ABS plastic
 - 3.Environmental-Friendly,Low-carbon electricity
 - 4.Rechargeable,Convenient USB-C connection,Charging 502030 Battery: 200mAh 3.7V,be used 65times*7seconds=455 seconds per charge
 - 5.Battery Life: 300-500 times
 - 6.When charging, the LED light will turn blue, when fully charged the light will turn off.
 - 7.Smart Charging Circuit,Charging Time: 1.5-2hours
 - 8.Long lifecycle
 - 9.Exit DC: 5V 0.5V, 0.3-1A
 - 10.L230mm*W25mm*H15mm
 - 11.unit gift box size: 246*58*25MM,weight:115g
 - 12.packing:100 pcs /carton
 - G.W.:12.5KG,Dimension: 246*58*25MM
 - 13.Color:Black, Silver, Red,Blue,Pink,Teal

USB TYPE C
TW-2303
flashlight add
arc lighter
function

Function: strong light flashlight, arc, sound and light alarm
Main material: aerospace grade including alloy
Low brightness: 20 lumens (15 hours of battery life)
Flash: 500 lumens (4 hours of battery life)
Battery: 800mAH ,14500 lithium polymer battery
One button to trigger alarm, to seek help efficiently;
High voltage dual arcs, well prepared for ignition and self-defense in emergencies;
Arc parameters: 5S calculation per ignition, can be opened about 180 times
Sound and light alarm: When the battery is fully charged, it can continuously beep and flash for 1.5 hours
Dimensions: 22mm (tube diameter) X 140mm (length)
Charging: Type C charging interface, charging time≈2.5 hours
Weight: about 200g

TYPE C TW-2305	 	Function: strong light flashlight (3 gears Light: Weak,Strong,Flashlight), high-power arc lighter, sound and light alarm (high decibel one-button alarm & access control alarm), emergency broken window, Power Indicator Product lumens: 500 lumens,lights up distance of 150 meters at maximum Flash: 500 lumens (4 hours of battery life) Low brightness: 20 lumens Continuous usage time: 15 hours Weight: 158.3g Product Size: 21*162mm Main material: aerospace grade including alloy Sound and light alarm: When the battery is fully charged, it can continuously beep and flash for 1.5 hours Dimensions: 21mm (tube diameter) X 162mm (length)	\$7.93	\$7.73	\$7.43
----------------	---	--	--------	--------	--------

TYPE C TW-
2306
Emergency
Rescue
Version 1.0

Function: High-intensity flashlight (3 gears: dim light, strong light, flashlight mode), high-power electric arc lighter, sound and light alarm system (high-decibel one-button alarm and access control alarm), emergency window-breaking device, power indicator light
Product lumen value: 500 lumen, capable of illuminating a distance of 150 meters at maximum brightness
Flash mode: 500 lumen (battery runtime is 4 hours)
Low brightness mode: 20 lumen
Continuous usage time: 15 hours
Weight: 158.3 grams
Product size: 21*162 millimeters
Main material: Aerospace grade alloy
Sound and light alarm: When the battery is fully charged, it can continuously beep and flash for 1.5 hours
Size: 21 millimeters (diameter) × 162 millimeters (length)
One-button emergency call: Added one-button alarm calling function, which can actively send out a distress signal and send the location of the scene to emergency contacts.

TYPE C TW-
2306
Emergency
Rescue
Version 2.0

Function: High-intensity flashlight (3 gears: dim light, strong light, flashlight mode), high-power electric arc lighter, sound and light alarm system (high-decibel one-button alarm and access control alarm), emergency window-breaking device, power indicator light
Product lumen value: 500 lumen, capable of illuminating a distance of 150 meters at maximum brightness
Flash mode: 500 lumen (battery runtime is 4 hours)
Low brightness mode: 20 lumen
Continuous usage time: 15 hours
Weight: 158.3 grams
Product size: 21*162 millimeters
Main material: Aerospace grade alloy
Sound and light alarm: When the battery is fully charged, it can continuously beep and flash for 1.5 hours
Size: 21 millimeters (diameter) × 162 millimeters (length)
One-button emergency call: Added one-button alarm calling function, which can actively send out a distress signal and send the location and **sound recording** to the emergency contact person.
